

# AcceleDent<sup>®</sup> aura

## NEW INNOVATIVE TECHNOLOGY

Designed to accelerate orthodontic treatment!

### » How does AcceleDent<sup>®</sup> Aura work?

- SoftPulse Technology<sup>™</sup> applies gentle micropulses to accelerate bone remodeling
- Safe acceleration of the bone remodeling process complements conventional orthodontic treatment

### » Is AcceleDent Aura safe?

- FDA-cleared, Class II medical device
- Demonstrated safe and reliable in U.S. clinical trials

### » What are the benefits?

- Clinically proven to accelerate tooth movement by up to 50%
- Faster tooth movement may decrease duration of orthodontic treatment
- May help to reduce patient discomfort
